

Chef Al

"...the kitchen is gourmet and if you have a chance, ask to have Chef Al (*see our Plan Your Stay page for more info*) cook a meal for you...we had the best ribs that just fell off the bone with all the trimmings for \$17.50 a head and it was better than any restaurant we went to all week. I have travelled all over the World and I can tell you this property is FIRST CLASS and will not disappoint the most discriminating traveler."
